Why Choose Champion?

Champion Cheer's Mission is to provide our students a safe and fun environment where they can develop their full potential as an athlete, while learning valuable lessons that will last a lifetime.

At Champion Cheer, we use the sport of cheerleading to mold our athletes into high character adults who will make a difference in our world. We give our athletes opportunities to develop leadership skills, teamwork, servitude and commitment. Our coaches are always on the lookout for positive leadership and high character in our athletes so that we can reward and encourage the tenants of our program… **Character, Commitment and Attitude**!

I was a part of this program growing up and I cannot say enough great things about it. Not only did the coaches and staff shape me into the woman I am today, but they also without a doubt are some of the most incredible mentors and people to be around. This place truly cares about every individual. You aren't a number, you are loved and welcomed every practice/class/time you enter the gym. ~Former Athlete

The Champion Family

We LOVE this Champion Family! The character of this gym starts at the top with the owners! These owners adore each and every athlete at this gym. The Coaches make sure every athlete reaches their full potential in both tumbling and cheer. On top of the outstanding level of coaching, Champion Cheer has a leadership team comprised of older athletes. These athletes are looked up to by the younger ones and not only have a tremendous effect on them, but on the community as well! My girls would not be where they are today, not only in their tumble and cheer, but where they are as a person without Champion Cheer!! ~Current Champion Parent

As a cheer parent from a gym in Houston, you can tell this gym is an amazing place to be! From the parents, athletes, and coaches, whomever we have run into, each has been the epitome of sportsmanship, grace, class, and kindness. Not only is your gym successful on the mat with awesome teams, but your representation off the mat is making a HUGE impact on the sport! ~Houston Cheer Parent

This is my second year at Champion! It has been the best two years of my life! When people ask me why they should choose Champion, my response is always. "Champion is a family. Even if it's your first day there, you will feel welcomed by the staff and other cheerleaders with open arms." Champion is a part of my family and always will be. ~Current Champion Athlete
